

MTTDHT/131/2025

Resolution No. 131.

Resolution No. 131.1.: MTTDHT approves ATDI DIT 96.1. no. suggestion that Dr. Mátyás Dabóczy, a senior scientific associate at the HUN-REN Energy Research Institute, should be included among the DI instructors¹. Based on his biography, Dr. Mátyás Dabóczy between 2016 and 2021 pursued his PhD studies at Imperial College (London, UK) in the Department of Physics, Center for Processable Electronics, where he wrote an outstanding PhD thesis (he won the Alasdair Campbell Thesis Prize for excellence, originality, and science insight), so it meets all the formal conditions. In addition, the citation rate of his papers ("Mátyás Dabóczy (Materials Science) (MTMT).pdf") is exceptionally high.¹.

DOCTORAL AND HABILITIZATION REGULATIONS OF ÓBUDA UNIVERSITY Budapest, 2023 (version 11, effective from September 19, 2023, consolidated with amendments)

The University Doctoral and Habilitation Council

6. §

(1)

Based on § 9, paragraph (2) and § 22 of 387/2012. Kr., the EDHT:

...

- e) decides on credit approvals, the requirements of the complex exam, the Nftv. On the awarding, naturalization and revocation of the doctoral degree specified in § 16, paragraph (4), which powers - with the exception of the awarding, naturalization and revocation of the doctoral degree - can be transferred to the doctoral council of the discipline (87/2012. Cr. § 9. (2) para. e));
- f) as defined in the doctoral regulations, it appoints the members of the doctoral admissions committee, the members of the evaluation committee and the official reviewers on the proposal of the doctoral schools, establishes the complex examination committee, and also approves the persons of the doctoral supervisors and the instructors of the doctoral school, which powers can be transferred to the doctoral council of the discipline (87/2012 § 9 (2) f);

Technical and Natural Sciences Doctoral and Habilitation Council (MTTDHT)

6/A. §

- (3) The MTTDHT has the powers specified in points e), f), h), l) and m) of Section 6 (1) of these regulations in the powers delegated by the EDHT, with the exception of the determination of language requirements, the awarding, naturalization and revocation of the doctoral degree , as well as the awarding and revocation of the habilitated doctoral title.
- (4) Based on Section 10 (2) of 387/2012. Kr. , the doctoral school's council is entitled to decide on the identity of the doctoral thesis supervisors, thesis supervisors and the doctoral school's instructors.

The doctoral school's instructors, subject writers, and supervisors

12. §

- (1) The lecturers of the doctoral school are those lecturers and researchers with a scientific degree who - on the recommendation of the head of the doctoral school - are deemed suitable by the doctoral school council (hereinafter DIT) to carry out teaching, research and supervision tasks within the framework of the doctoral school (387/2012. Cr. 4 (§ (2)).

Resolution No. 131.2.: MTTDHT approves ATDI DIT Suggestion No. 96.2. that ATDI supplements its training plan with the topics "Investigation and development of perovskite photoelectrodes suitable for solar energy utilization" (Mátyás Dabóczi) and "Possibilities of simultaneous heat treatment of maraging steels" (Mihály Réger, Richárd Horváth) with the suggested credit values.

Resolution No. 131.3.: MTTDHT approves ATDI DIT proposal No. 96.3. that the research work of Zsuzsa Olesnyovicsné Szabadi, a 4th-semester student, will be managed in the future instead of associate professor Judit Pázmán (DUE) by university professor Mihály Réger (ÓE) and university associate professor Richárd Horváth (ÓE) in a changed, "Possibilities of simultaneous heat treatment of maraging steels" research topic. According to the documents "Mihály Réger - ODT Personal Data Sheet.pdf" and "Richárd Horváth - ODT Personal Data Sheet.pdf", the supervisor conditions are fully met by the new supervisors².

Resolution No. 131.4.: MTTDHT approves ATDI DIT Proposal No. 96.4. for the Committees of György Káli, József László Mónus (in his case, János Dusza DSc university professor, ÓE) committee membership seems unnecessary, as he is neither listed as chairman nor as an interviewer, but leaving him in would mean a rounding problem "At least one third of the committee members do not have a legal relationship for employment with the one operating the doctoral school in the interpretation of condition c.), Zsuzsa Szabadi Olesnyovics, Szomor Regarding the committee members and subjects of the complex exam of Zsombor and Viktor Vass³.

2

D5/B. Doctoral supervisor conditions

(7) A doctoral supervisor can be someone for whom

a) has a scientific degree;

b) there are 5 articles published in the ODT database in the last 5 years and another 5 articles in the given discipline that meet the publication conditions explained in paragraphs (9)-(10) of Part D5/C;

c) agrees to regularly update the list in point b) annually.

(8) Az (7) bekezdés b) és c) feltételeit a DI rendszeresen ellenőrzi.

3

The complex exam

25. §

(1) The complex exam must be taken in public, in front of a committee. The committee consists of at least three members. At least one-third of the committee members do not have an employment relationship with the institution operating the doctoral school. The chairman of the committee can be a university professor, habilitated university associate professor, habilitated college teacher, Professor Emeritus or an educator or researcher with the title of Doctor of the Hungarian Academy of Sciences. All committee members must have an academic degree. The supervisor of the examining doctoral student cannot be a member of the committee (Article 12/A (2) of Cr. 387/2012).

(2) The committee of the complex examination is approved and commissioned by the MTTDHT in connection with the technical and natural sciences training, and by the EDHT in connection with the arts and social sciences training area, on the recommendation of the doctoral school council.

The president of the MTTDHT asks the president of the ATDI DIT to officially invite the relevant committee members.

The ÓE BDI DIT 2024/2025. (XII.10.) Decisions Nos. 1 - 2 on the awarding of doctoral awards do not fall under the jurisdiction of the MTTDHT. The ÓE BDI DIT 2024/2025. (XII.10.) Resolution No. 3 is about the termination of the student relationship and does not fall under the remit of the MTTDHT⁴.

Resolution No. 131.5.: The MTTDHT approves the BDI DIT 2024/2025. (XII.10.) Decision No. 4 on Dr. Tibor Babos: "Trends and Challenges of The Global Security / Trends and Challenges of The Global Security". According to the "Tibor Babos (Security Policy) (MTMT) List.pdf" file, it fulfills the publication requirements to an exceptionally high standard, we respectfully request that these be displayed on the ODT website, where they are not currently visible ("Tibor Babos - ODT Personal Profile.pdf").

Resolution No. 131.6. sz.: The MTTDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 5 by Dr. hab. Zsolt Conka on the subject call "Security technology of digital substations and investigation of its feasibility". According to the "Zsolt Conka - ODT Personal data sheet.pdf" file, Dr. hab. Zsolt Conka amply satisfies the publication requirements.

Resolution No. 131.7.: MTTDHT approves ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 6 on Dr. habil. Ágota Drégelyi-Kiss about the topic call "Advancing FAIR Data Principles in Metrology for Enhanced Data Reliability and Usage of the Results". According to the "Ágota Horváthné Drégelyi-Kiss - ODT Personal data sheet.pdf" file, Dr. habil. Ágota Drégelyi-Kiss amply fulfills all publication requirements.

Resolution No. 131.8.: The MTTDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 7 about Dr. habil. Csaba Johanyák's topic call "Predictive Behavior Modeling of Road Users to Enhance Safety in Autonomous Vehicles". We kindly ask the DIT to update the currently outdated file "Csaba Zsolt Johanyák - ODT Personal Profile.pdf"! Based on the last 20 of his 226 publications in MTMT2, he clearly fulfills all formal publication conditions ("Csaba Zsolt Johanyák (Fuzzy systems) (MTMT).pdf").

Resolution No. 131.9.: The MTTDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 8 about Dr. Lajos Kátai-Urbán's topic call "Research and development of technical equipment system for industrial safety". according to the "Lajos Kátai-Urbán - ODT Personal Data Sheet.pdf" file, he fulfills all formal publication requirements.

⁴ D4/A) Termination of the student relationship

(11) Anyone whose student status has been terminated must be deleted from the student list by a competent DIT decision.

Resolution No. 131.10.: MTDDHT regrets to inform the DIT that it cannot approve the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 9 about Dr. Enikő Nagy's topic call "Data security of social robots: development of risks and protection solutions". Dr. Enikő Nagy's data sheet on ODT (Enikő Nagy - ODT Personal Data Sheet.pdf) is out of date, please update it. According to MTMT2 ("Nagy Enikő (Educational Doctoral School of Physical Education and Sports Sciences) (MTMT).pdf"), she has only 4 publications out of the last 5 years, and with a total of only 7 publications, she does not meet the 5+5 requirements for the topic announcement. If updating the MTMT does not solve the problem immediately, she has to wait until she has a total of at least 10 items, in which case it is sufficiently recent.

Resolution No. 131.11.: The MTDDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 10 on Dr. Mónika Pogátsnik's topic announcement "Improving Technical and Safety Education". Based on the "Mónika Pogátsnik - ODT Personal data sheet.pdf" file, Dr. Mónika Pogátsnik meets all publication requirements.

Resolution No. 131.12.: The MTDDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 11 about Dr. hab. Tamás Szádeczky's topic announcement "Compliance of artificial intelligence applications (EU AI Act, ISO/IEC 42001)". According to the "Tamás Szádeczky - ODT Personal data sheet.pdf", Dr. hab. Tamás Szádeczky currently fulfills the publication requirements.

Resolution No. 131.13.: The MTDDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 12 on Dr. Zlatko Covic's subject announcement "Conformity of artificial intelligence applications (EU AI Act, ISO/IEC 42001)" on the condition of assigning an internal supervisor. According to the "Covic Zlatko - ODT Personal Profile.pdf", Dr. Zlatko Covic meets the publication requirements.

Resolution No. 131.14.: The MTDDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 13 about Dr. Péter Udvardy's application as a supervisor to the Doctoral School of Security Studies and topic call "Development of a light-controlled collaborative robot space, with special regard to security issues". Dr. Péter Udvardy has ODT data according to the file "Udvardy Péter - ODT Personal data sheet.pdf", but in MTMT2 he has a total of 76 announcements, of which the last 20 announcements are in the file "Udvardy Péter (Rural Development) (MTMT).pdf" fulfills the publication conditions according to which we kindly ask you to update the ODT data sheet!

Resolution No. 131.15.: The MTDDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 14 on the initiation of the habilitation procedure of Dr. Barbara Júlia Elek as follows: the professional topic of the habilitation: "Investigation of fire and environmental safety risks of buildings and industrial technologies using novel approaches".

⁵ Public discussion of the doctoral thesis (defense)

31. §

(2) In order to conduct the public discussion of the doctoral thesis, as well as to make a decision on the acceptance of the thesis and to evaluate the public defense, the MTDDHT in connection with the technical and natural sciences training, and the EDHT in connection with the arts and social sciences training area, establishes a review committee (Article 387/2012. Cr. 16. (2) para.). The task of the evaluation committee is to determine whether the work of the doctoral student, as well as the independent scientific results in his/her thesis, reach the level required for awarding the degree.

(3) The judging committee has at least 5 and no more than 7 members, consisting of a chairman, two official opponents, a secretary and 1-3 other members. The chairman of the committee is a professor or Professor Emeritus of the University. When appointing the evaluation committee, 3 reserve members must be named, including persons who may be asked to replace the chairman and secretary, and at least one possible alternate evaluator.

(4) The members and substitute members of the committee must have a scientific degree. One of the two official reviewers and at least one of the other members of the review committee may not be employed by the University. At most one of the official reviewers can be the same as the previous opponent of the workplace dispute. The official external reviewer must be a foreign citizen for students admitted after January 1, 2024.

The president of the MTDDHT asks the president of the BDI DIT to officially invite the relevant committee members.

Resolution No. 131.19.: The MTDDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) decision No. 18 regarding the application submitted by Anita Brigitta Pál (VETN3E) doctoral student completing her 2nd semester to change her supervisor as follows: Dr. hab. Csaba Kollár (ÓE-BGK) will be replaced by Dr. Róza Számadó (ÓE-BGK) and Dr. Sándor Magyar (external - NKE) will be in the status of co-topic leader.

Resolution No. 131.20.: The MTDDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) decision No. 19 that the present supervisor of Viktor Patrik [(JPNPHO), who is completing the 8th semester of his PhD studies] Dr. habil. Mónika Garai-Fodor (ÓE-KGK), will be replaced by Dr. habil. Gábor Kiss (ÓE-BGK).

Resolution No. 131.21.: The MTDDHT approves the ÓE BDI DIT 2024/2025. (XII.10.) Decision No. 20 that Klaudia Csercsa (DB5E17), a doctoral student with a state scholarship completing her 7th semester (Supervisor: Prof. Dr. Zoltán Rajnai), on the basis of Section 23 (1) d) point of the „Óbuda University Doctoral and Habilitation Program effective from June 29, 2021”, submitted her request that the BDI DIT accepts Klaudia Csercsa's German language exams, issued by the Corvinus Language Examination Center, for the complex intermediate level B2 economics technical language and the English written (tásalkODÓ exam system) and oral (ECL exam system) level B1 language exams as the prerequisite for obtaining the doctoral degree. **Reasoning:** according to the "Judit Csercsa Klaudia - ODT student data sheet.pdf", Klaudia Csercsa started her training in September 2021. The referred part of the regulations really gave such an opportunity at the start of her studies, which the PhD student now wishes to use in agreement with the DIT. Since it is a general legal principle that retroactive changes should not be made, in my opinion the MTDDHT should support the decision of the DIT, although we generally welcome the efforts in which the students try to keep up with the changes themselves.⁶
